

ABOUT 3POINT

The3PointFoundation empowers youth through education, mentorship, athletics, college and career readiness programming. Through innovative initiatives such as the Assist Zone, 3Point helps students develop the academic, social, and leadership skills needed to succeed in school and beyond. Together, we can help young people reach their full potential on the course, in the classroom, and in life.

Funds raised through this event directly support youth development programs, educational enrichment opportunities, college access initiatives, and community-based services that create lasting impact for young people and families. Your support allows us to keep our school-day, after-school, summer, and weekend programs all free of charge to students and families.
